Having A Say Conference

The HaS conference is the largest conference for people with disability in Australasia. People with disabilities participate in all aspects of the conference, from planning to volunteering. In 2024 there were over 100 presenters with disability sharing their achievements and stories.

The 2025 theme is 'Our Lives, Our Voices!'.

The majority of the Program is dedicated to providing opportunities for people with disabilities to present, tell their stories, celebrate their achievements, perform, volunteer and gain information on their choices, rights and responsibilities.

**Having a Say is more than a conference, it's
an 'experience' for all involved.**

Having a Say supports people to find their voice, speak up,
be heard and be respected.

Aims of the Having a Say conference

The Having a Say Conference aims to empower people with disability through the opportunity to:

- 'Have a Say' about the issues that impact their lives
- Participate in an annual conference in a rural location of Victoria
- Celebrate the abilities and achievements of people with disability
- Be heard by politicians, government and service providers
- Build skills by being part of the planning and running of the conference
- Network and be inspired with peers from around Victoria, Australia and overseas
- Gain information on what support is available in both the community and disability services
