

Fact Sheet on Having a Say (HaS) for Participants and their Supporters

Claiming HaS from your NDIS Plan?

Why can HaS be funded through your NDIS Plan?

Having a Say (HaS) is a self-advocacy event for people with disability promoting:

- Peer support and information exchange
- Skill development opportunities (volunteering, presenting, workshops etc)
- Info and knowledge about service providers and community supports
- Awareness and confidence in using their rights and making complaints

So, HaS is a 'capacity building' activity.

As a capacity building activity, participants do not need to have the event written in their NDIS Plan or get permission off their planner or LAC.

The NDIS rules allow participants to use any item in their Core Supports that they need and that will support them to achieve their goals, i.e. 'flexibility' of Core Supports.

All the event's activities are conducted in the community.

Payment

VALID is not a NDIS registered service.

This means that only participants who use Plan Management or Self-Management can directly pay VALID for their registration for the conference.

Participants whose funds are 'agency managed' need to find a registered service to support them to attend. The participant or nominee can make an agreement with a NDIS registered service. The service then pays the costs involved for the participant to attend HaS and claims the costs (e.g. registration, transport, staffing, accommodation) back from the NDIA.

NOTE: The NDIS items that can be used to pay for the costs of attending HaS are listed on the next page.

NDIS Items that can be used for HaS.

It is still a community-based peer activity and as such should be able to be claimed, but we are trying to clarify this.</p> </div>	<p>This is an item that 'camps' can be claimed from so your service may have a combined cost to attend HaS, which will cover accommodation, transport, staffing and registration.</p> <p>Note: if you use a Plan Manager they can also claim all the same costs against this item as a community based skill development activity/a vacation or a camp. (depends on your goals which you'd choose)</p>
	<i>Activity Based Transport:</i> Item 04_821_0133_6_1	Transport per kilometre
** if a participant's family has 'respite' in the participant's Plan	<i>STA and Assistance (inc. respite)</i> Item: 01_045_0115_1_1	Most costs can usually be claimed including accommodation, staff time & costs, and transport.
Family members & unpaid carers	<i>Training for Carers/Parents:</i> Item 15_038_0117_1_3	Registration fee
	<p>Note: if family member/carer is attending to provide direct support to the participant at the conference they only need to pay the 'Support Worker' registration fee not a full fee</p>
